

Safeguarding Policy

Oliver's Oasis is an online platform designed exclusively for adults aged 18 and over. We do not provide services directly to children or young people, and membership is restricted to parents and carers.

While our service is adult-only, we recognise that sensitive issues may be discussed within the community, including matters relating to the care of children or vulnerable adults.

While we do not provide direct care or support to children, we take safeguarding concerns seriously. If any user discloses content suggesting that a child or vulnerable person may be at risk of harm, we reserve the right to escalate this information to appropriate safeguarding authorities, in accordance with UK law.

We are not a safeguarding service and cannot provide emergency or professional safeguarding support.

We encourage members to:

- Report any posts or interactions that cause concern to hello@oliversoasis.co.uk
- Refrain from sharing identifying information about children
- Contact emergency services or safeguarding teams directly if urgent support is needed

Our team is not trained to provide emergency or safeguarding advice. If you believe a child is at risk, contact your local authority, NSPCC (0808 800 5000), or dial 999.
